The funds will appear in your account wallets only after your cryptocurrency transaction gets 6 confirmations. You will receive an email about the successful deposit.

Please note that deposit of funds is not a purchase of ARCHI tokens. You need to complete Step 3 and purchase the required number of tokens with the deposited funds.

Select the currency in which you will like to make the payment.

When you select “GET ADDRESS FOR PAYMENT” an address will be generated.

A unique address will be generated for you, you need to make the transfer of money there.

Your deposits will appear on the dashboard under deposits section.

The screenshot shows a user interface for purchasing ARCHI tokens. At the top, it says 'STEP 3' and 'Buy ARCHI tokens'. A yellow warning box contains the text 'Please make a deposit first to buy tokens.' Below this, the 'PAY WITH' section has a green button labeled 'NO COINS YET.' and a checkbox labeled 'Spend all funds in your account to buy tokens'. The 'AMOUNT' section features a numeric input field with a minus sign on the left, the number '1' in the center, and a plus sign on the right. To the right of this is the 'TOTAL PRICE' section, which shows the number '0'. Below the amount field is an 'ADD PROMO CODE' section with a text input field and an 'ADD' button. At the bottom center, there is a large grey button labeled 'BUY NOW'.

Purchase OmiX tokens using your deposits. After selecting the amount, click on Buy Now.

Click on Agree to buy tokens.

Note that you may buy tokens before completing the KYC process.
